Canvas Prints

Ready in 1 Hour

Canvas printing is our best-selling product and it's clear to see why. Blue Sky Printing have over 20 years experience in hand stretching photo canvas and we have learnt a lot in that time.

As standard we use FSC approved solid pine frames with a premium thickness of 38mm. All our canvas photo prints are professionally stretched inhouse by our incredible team. We like to treat every order as if it was going up in our own home.

Looking for large canvas prints or panoramic canvas prints? We can make your order to measure so whatever size you need, we can help.

Aluminium Prints

Ready within 24 Hours

ChromaLuxe® aluminium printing has to be seen to be believed. Glossy blacks, deep-rich colour vibrancy and a sleek modern feel is why aluminium photo prints have become so popular. We use a dye-sublimation process which results in a 1.14mm thick aluminium photo panel that is fitted with a sleek hidden subframe for easy hanging.

When it comes to printing on aluminium sheets we guarantee that our prints won't fade in sunlight for at least 80 years.

Larger Photos

Ready from 1 Hour

Get your images noticed with large photo prints. Using Photoshop technology we can achieve large picture printing to boost the size of your photos so you can display your favorite snaps.

Photos from phones or camera can be expanded to very large sizes. However, issues start to occur when a photo has been sent via WhatsApp, Facebook or a screenshot etc. We can work with these formats if needed but it is best to try and get the original photo. This can be emailed from the device at full resolution.

120 & 35mm Film Development

Ready Next Day

A recent addition to our line of services. Film photography has made a massive resurgence in recent years and now at Blue Sky Printing we have decided to offer our customers in house film processing, scanning and printing via our London Film Lab store. We have invested heavily in the best equipment available to process and scan your film. We offer 35mm and 120 film processing on a next day service.

Giclée Printing

Ready from 1 Hour

PermaJet Museum Heritage 310gsm

A slightly textured, off white base and absolutely sumptuous fine art paper which is pH neutral and has a high colour gamut volume with low colour error. A wonderfully subtle texture, ideal galleries, museums and photographers who intend to create fine print in colour with a high degree of detail and pronounce texture.

PermaJet Omega 310gsm

A 100% cotton rag paper with an enhanced whiter 310gsm base. This acid-free, smooth matt paper upholds the appearance of high-key detail and colours to an exceptional standard. It has a high colour gamut volume and excellent ability to return a smooth gradation of skin tones or highly detailed information.

Hahnemühle Photo Rag® 308gsm

Photo Rag® is the most popular paper chosen by photographers to create high quality fine art prints. The fine, smooth surface and feel of Photo Rag® make this paper very versatile and it is ideal for printing both black and white and colour photographs and art reproductions with impressive pictorial depth.

Hahnemühle Pearl 285gsm

A bright white base with a subtle texture and a smooth silky feel that produces a elegant pearl/gloss finish. Deep blacks couple together with incredible reproduction in colour and detail once printed. Like all our Hahnemühle giclée prints, the acid and lignin free properties ensure that this paper is truly archival. Both colour and black and whites will be suited to this paper.

Hahnemühle German Etching 310gsm

A white, 100% alfa-cellulose paper. The mould-made etching paper features a distinct textured surface. German Etching meets the highest industry standards regarding density, colour gamut, and image sharpness while preserving the special touch and feel of genuine art paper.

Hahnemühle FineArt Baryta 325gsm

FineArt Baryta is a paper that sets the benchmark for high colour depth, large colour gamut and image definition. There is a clearly visible, exquisite felt texture to the paper. This paper gives the “wow” factor particularly to black and white prints with extremely high density and finest grey tones.

Hahnemühle Bamboo 290gsm - Natural Line

Made from 90% bamboo fibres it has a natural look. The natural white, warm-toned bamboo paper does not contain OBA (optical brighteners), and has a lightly textured felt structure. The matt premium inkjet coating delivers excellent printing results with defined reproduction of colour and detail, particularly for warm hues and monochrome prints.

Hahnemühle Agave 290gsm - Natural Line

Hahnemühle Agave is the first fine art paper to utilise the Agave plant fibres. 70% of this unique, environmentally friendly FineArt inkjet paper is made from sisal fibres. The base material stands out with its bright white natural tone and does not contain OBAs. The rough, yet delicately defined surface texture gives the subject a sense of depth and impresses with a pleasant, soft feel.

	PermaJet Museum/Omega	Hahnemühle FineArt	Hahnemühle Natural Line

T-Shirt Printing

Ready from 1 Hour

Here at Blue Sky Printing, we are able to print t-shirts for all occasions including workwear, stag dos, hen dos, and charity events.

We will always advise you what the best method of printing your t-shirt is. There is a choice of:

Direct to Garment (DTG) - Garment is inserted into the machine which has a printer head capable of printing durable, eco friendly ink onto the fabric. The result is a soft print which has no plasticky transfer. Best for White Cotton. (Image below shows a DTG print)

Print Cut - for diverse application possibilities. Vivid colours printed onto vinyl and then applied to the garment. Best for Dark Coloured garments. Cotton or Polyester.

Vinyl lettering - Vivid solid coloured vinyl is precisely cut out. Great for Football tshirts.

Bespoke Services

At Blue Sky Printing, we offer bespoke business printing services tailored to your needs. From **Lamination** to **Foiling**, **Spot UV**, and more, our services ensure your business materials leave a lasting impression.

Business Cards

Fast Turnaround

Our business card printing services offer a variety of premium card stocks and finishes, including lamination, foiling, and spot UV, to make your brand stand out. Whether you're looking for a minimalist design or a bold, custom finish, our solutions cater to all requirements and budgets. With fast delivery and attention to detail, we ensure your cards make a memorable impact. Please find our standard business card pricing below:

Quantity	350gsm Double Sided	450gsm Double Sided Laminated
250	£50	£51
500	£60	£62
1000	£75	£91

Unlaminated cards can be produced within 24hrs, laminated cards take around 3 working days.

Roller Banners

Our roller banner printing service combines quality pull up bases with custom printed graphics. We have a few different options of printed roller banners depending on budget and requirements.

We recommend our classic option as its mechanism has great durability. Our low-cost option is available for those that only need their signage either on a temporary basis or a banner that will remain on display without frequently folding away.

Type	Price
Classic	£90
Premium	£180

The **Premium** banner just looks great as it doesn't have the normal feet which protrude from the base. Instead it has a sleek aluminium look. – Free handy carry bag included.

Order of Services

Ready from 1 Day

We offer order of service printing to facilitate the smooth running of a wedding or funeral. Attendees of the event will feel the quality of our premium card stock and appreciate the crisp, easy to read text and bright vivid colour range our printers can achieve.

Printing your order of service online is simple. With your input, we can even create your design from scratch, so give us a call or drop us an email today to discuss your requirements.

Invite Printing

Ready from Same Day

When choosing invitation printing, you have to consider the impact that a sophisticated invitation can have. Sending an unprofessional invite that may not be printed on thick enough card for instance can give the wrong impression of how the day will be.

For wedding invite printing, save the dates, funerals and more, we offer a print onto premium FSC approved card stock.

Qty.	350gsm Matt Single Sided	300gsm Textured Single Sided

Custom sizes and quantities available, prices above are just a rough guide. Prices include white envelopes

Foam Board Printing

Ready from Same Day

Foam board printing offers a lightweight, durable solution that delivers vibrant, high-definition images, making it ideal for events like conferences and exhibitions. Our Eco Board alternative, made from 100% recycled paper, provides the same vivid finish while helping reduce your carbon footprint, blending sustainability with quality.

Size	Foam Board	Eco Board
A3	£20	£20
A2	£25	£30
A1	£36	£40
A0	£75	£85

Custom sizes and quantity discounts available.

Passport Photos

Ready in 3 Minutes

Blue Sky Printing offer passport photo printing which is guaranteed to be accepted without issues, providing you peace of mind that you won't miss your next holiday.

- Guaranteed to be accepted
- Professionally taken using high end camera
- Digital Code available if applying online
- Suitable for all ID formats, Passports, Visas, Driving Licences, Blue Badge, International ID

VHS to DVD Transfer

Ready from 3 days

Convert all your old VHS to DVD in store. Your order is treated with the greatest care and is never posted off to a third party. All work is carried out onsite and to the highest professional standard.

Formats include VHS, VHS-C, Mini DV, Hi 8, cine film, audio tapes, and more.
